The grade 1 classes would appreciate some playdough as we will be focusing on fractions. We would like the children to investigate fractions by cutting and manipulating the dough. If you are able to assist.

Incursion – Monday 18th July

“Toy Stories”

The incursion on Monday was great. The children loved the old fashioned tin and wooden toys with moving parts. The history of a lot of games we still play today was really interesting ie indigenous noughts and crosses (Ngaka Ngaka). The children made their own stones to play the game with.

Yellow Box

As part of our reading program the grade 1’s and 2’s take part in Yellow Box. Yellow Box is a comprehension program, where children work independently and at their own level.

We will require at least 2 parents to assist during these times:

1P: Friday 11.30–12.20
1K: Monday 2.30-3.20
IE: Thursday 2.30-3.20

We are on the lookout for any old fashioned toys………. If you are able to assist please see one of the grade 1 teachers.

Thanks again for all your support.

Jenny, Pippa, Pauline, Colleen, Mat and Jennie

FOOD

Food is a ‘big deal’ for our little ones and as the colder moths approach we are finding that their appetites are increasing.....

- Can you please ensure you pack fruit and a snack on the days your child has a lunch order.
- The opportunity for a small break is given to the children during the morning for a snack. Can you please ensure that your child has a small, non messy, fruit or vegetable snack to eat during this time.

We know you’ve all got them.....

ODD SOCKS!!!

And the grade 2’s want them.....

Can you please donate any clean, odd socks you might have around as we would like to use them for puppet making...
Ngaka Ngaka

1. Each player has a set of three stones painted with the same design. The aim of the game is to get three in a row.

2. Each player takes a turn to place a stone in a vacant square.

3. Once the six stones have been placed on the board and if nobody has won, the game continues.

4. Stones can be moved into an adjacent vacant square.

5. A stone must not jump over another stone but it can move through a gap diagonally.

6. The game continues in turns until someone gets three in a row.
