Puppet Show
This Friday, in support of their learning in The Arts program, the year 1 and 2 students will be audience to a spectacular puppet show. The show and workshop will be held in the year 6 learning space from 11.30-13.30. As it is an important feature of your child’s enduring learning and understanding in The Arts, we do hope that all students are present on the day.

Into the Woods
On Monday, the year 1 and 2 students participated in an excursion to the Royal Botanic Gardens. Despite the early morning drizzle, it ended up being a lovely (and mostly sunny) 17 degrees or so. They enjoyed a tour of the grounds, heard about some of the many living things present on the grounds and used their creativity to construct an original creature.
You might like to ask them about what they saw, including: owls, water-hens, the dinosaur tree, a tree in the glasshouse and the Grandmother Tree.

Changes!!!
You may have noticed, or heard from your child, that some of their specialist lessons have been replaced or moved to another time. This has been done to accommodate the absence of specialist teachers who have been assisting with the Canberra camp. The timetable should return to normal next week.

Need Something New to Read?
Try the following websites to expand your child’s reading and spelling:
Dolch Sight Words: http://www.dolchsightwords.org
ABCYA: http://www.abcya.com (for spelling and maths)

Numbers...
Year 1 have been practising to represent numerals as words: 56 as fifty-six
Year 2 have been exploring how to measure the area of a surface using another object. To measure the surface area of a table, they might use an A4 sheet of paper.

It’s getting cold!
It is starting to get cold and drizzly. So long as it’s not raining, we are still encouraging our students to play outside during recess and lunch play periods. This means that they need to come equipped with warm clothing like jackets, jumpers and raincoats. Please NAME EVERYTHING!
