CLASS REPRESENTATIVE VOLUNTEER

For each class, we ask for two parents/guardians to volunteer as dual class representatives. This provides sharing of responsibilities and team work. Aspects of this role include liaison with class teachers and assisting with recruiting parents for excursions, reading, PMP (Prep area), sausage sizzles, and other class and school activities as needed.

Class representatives are given support by other class representatives and the co-ordinator. This role offers a wonderful opportunity to meet other people in the school community. Please consider volunteering your services for this special position which is greatly appreciated by staff and students. If further information is required please contact us.

If you would like to volunteer as a class rep for your child's class, please complete the section below and return it to the school office by Friday 13 February.
