Dear Parents,

I hope you all enjoyed the extra long Queen’s Birthday weekend and the opportunity to spend more quality time with the children and perhaps an extra sleep in. Despite enjoying ongoing autumnal weather, coughs, colds and viruses are amongst our community and typically at this time of year we have a number of staff unwell as well as children.

Thank you to those parents who very kindly equipped classes with a “virus protection pack” and we will do our very best to minimise the risk of germs spreading. One of the easiest ways to minimise spreading of germs is to encourage children to cough into their elbow or a hankie and to always wash their hands after sneezing or handling hankies or tissues. We know that this isn’t always possible and this is where the hand sanitisers can be used. We would also appreciate it, if parents could keep children at home if unwell or at the early sign of a sore throat as this will inevitably develop further. We are all eagerly anticipating the forthcoming school holiday break and with it the opportunity to perhaps escape to somewhere warm!

Curriculum Day
All of the staff enjoyed participating in our curriculum day on Tuesday and it was a wonderful opportunity for the staff to be future focussed on the ideal Armadale Primary School. We had Peter Bond, former Principal of the Australian International School in Singapore as our mentor and critical friend and his comments to the in-house team which ran the curriculum day were most complimentary. We are using a school improvement model that employs Action Learning as a methodology for improvement and all of our staff are now members of Action Learning Teams. These teams are focussing on different areas that we prioritised as being important and these are: Student Wellbeing, Staff Wellbeing, Communication, Community partnerships and Learning Environments. I look forward to sharing with you the ideas and projects from our Action Teams.

Congratulations to Angus Graham –OAM!

Angus is the father of four beautiful daughters, Freddie, Charlotte, Henni and Claudia and in this year’s Queen’s Birthday honours, Angus was awarded a Medal of the Order of Australia. Angus was awarded this medal for service to charitable organisations and to the banking and finance sector. Angus is the chair of Down Syndrome Australia and Bayley House, a service providing support for adults with intellectual disabilities. On behalf of the entire Armadale community I extend our heartiest congratulations to Angus, Natalie (the great woman behind the great man) and the whole Graham family on your well deserved honour and recognition.

Sibling enrolments for Prep in 2015
Just reminding our families that any enrolment forms for Prep in 2015 should be submitted by the end of Term Two as we would like to finalise placements in Term 3.
Planning Week
Next week will be planning week at school. Our new Tiqbiz, so please make sure you download and register the app. Each team will have a day of planning a challenging and stimulating curriculum for our students to learn in Term 3. Whilst the class teachers are planning, each grade will be taught by a specialist teacher or a CRT.

The planning day timetable will be sent via

Have a wonderful week,

Rochelle Cukier
Principal

1/2 D’s Rubbish Count

Yesterday 1/2D investigated the amount of rubbish in different areas of the school and compared the results to last week. The results were interesting and there has been improvement in most areas.

We still found a lot of rubbish so please remember to be 100% nude!

Keep up the great efforts!

Nude Food

It’s now a week since we removed the bins and became 100% Nude Food, and already we are making a difference. The yard is much cleaner and the dumpster has much less rubbish in it. To prove how successful we have been, see the table to the right showing 1/2D’s survey of rubbish in the school this week compared with last week. Well done everyone and thank you for making a difference.

I showed the students at assembly yesterday the wonderful prizes that Pam Johnson has tracked down from Smash Enterprises, so we are now looking for contributions for Nude Food recipes and handy hints that you can place in the cardboard box outside the office. If you have a good idea about how to make life easier with Nude Food, or a great recipe that is healthy and non-packaged, please drop it in the box, or email me. The first contributors will win one of these great prizes.

Tiqbiz

Last week I mentioned the Tiqbiz app that you can download and install on your phone in order to receive timely messages from school. Your child should have received received a flyer with all the details on how to set up the Tiqbiz app on your phone, tablet or computer. If you didn’t, the setup is still simple; just go to your app store and search for Tiqbiz, download it and then register yourself, search for Primary Schools, then Armadale, and finally choose the notifications you want, eg. Whole School, Grade 3/4 etc.

Once the majority of parents have registered we will start using the app for a range of communications between school and home. Click here for further information about the way the app works.

Malcolm Dow
Assistant Principal

Department of Education and Early Childhood Development

Dear Parent

As part of the Department of Education and Early Childhood Development’s Health and Safety Management Plan, new labelling will be installed at our school. The labels remind people to contact school reception prior to undertaking any works at the school, to ensure they have up-to-date information from the school’s asbestos register. Asbestos - which was used extensively in building materials in the past but is now banned - is considered safe unless damaged or in poor condition. The new labels form part of a comprehensive program to ensure Victorian government schools remain safe.

Children’s safety is our number one priority. That is why we are taking this extra step as a precaution.
Student Banking

Student banking resumes next week.

If you have ordered a reward item with your tokens, please check for a note in your deposit wallet which will advise you when it is available for collection from the office.

Library News

After school borrowing

Every Thursday in June we will be having after school borrowing sessions 3:30-4:00.

DVDs

A new section has started in the library. It is currently a small collection but I hope it grows over the coming months. PG DVDs will be introduced in future so parents can borrow these at After School sessions. The library always welcomes donations!

Happy reading.

Sports News

Swimming

Well done to all the Year 3&4 students on their recent swimming program. See the reflections on their swimming on page 6 of today’s newsletter.

Swimming reports will be sent home with the school reports.

The World Cup is here!

Good luck to all the 32 countries competing in the World Cup in Brazil – especially Australia. As the excitement builds, children can show their support for Australia or another World Cup country by wearing something in their chosen country’s sporting colours tomorrow. This is optional if children would like to join in the fun.

A reminder that Australia plays its first game against Chile on Saturday 14 June at 8.00am. All matches can be seen on SBS. This may be a great chance for families to share this major sporting event.

During PE lessons we will be following the World Cup closely.

Good luck to all countries.

Did you know the official mascot of the World Cup is an armadillo called Fuleco?

Sports Co-ordinator

Red Nose Day

On the 27th of June the SRC team will be holding a red nose day to raise awareness for SIDS (Sudden Infant Death Syndrome). On the day the SRC will be selling foam red noses for $3, Pens for $5 and you can get your nose painted red for $1.

There will also be a jar of jaffas which you can pay $1 a guess to guess how many jaffas are in the jar. Whoever guesses the closest wins the jar of jaffas. It would be very much appreciated if everyone participated in this event.

Visual Arts News

Artist of the Week: Max Officer 5F

For the excellent effort he made when rendering a portrait of Enzo. He showed confidence and skill when using mixed media.

Visual Art Class of the Week 3/4S
For the enthusiasm they showed towards decorating their boomerangs. They did very detailed dot paintings and their designs look amazing!

Year 1 and 2 Heide Excursion
The Year 1 and 2 students had a wonderful time at The Heide Museum of Modern Art. The students thoroughly enjoyed seeing Emily Floyd’s wonderful 3 dimensional work. They also were lucky enough to do a workshop with artist Lucy Irvine. They produced their own 3D letters that were similar to Emily Floyd’s abstract style.

Well done year 1 and 2 students for your wonderful behaviour and excellent participation throughout the day. The staff at Heide were blown away by your knowledge, understanding and creativity!

Neil Taylor’s ‘Theoretical Matter’

Emily Floyd’s work

A very big thank you to all our parent helpers and classroom teachers. We could not have done it without you.

Art Smocks
A number a students still do not have an art smock. If you do not have an art smock please make sure you get one over the weekend and put it in your classroom’s Art Smock Tub. These can be purchased from any uniform shop. Just look for the material similar to a rain jacket, the cotton smocks are not as effective.

Did you know....
♦ Did you know that it’s only 11 school days until the end of term?
♦ Did you know it’s really, really hard to get all things arty out of our school uniform? Luckily with a smock you don’t have to worry.
♦ Did you know 11% of people are left handed?
♦ Did you know ‘Topolino’ is the name for Mickey Mouse in Italy?
♦ Did you know rubber bands last longer when refrigerated?
♦ Did you know threadworm eggs can live for 12 days on inanimate objects like textas, scissors, tables and monkey bars? Better get on to that hand sanitiser.
♦ Did you know goldfish can see both infrared and ultraviolet light?
♦ Did you know lice eggs hatch in 7-10 days? This means you can only break the cycle by treating the hair every 3-4 days for a couple of weeks.
♦ Did you know the only continent with no active volcanoes is Australia?
♦ Did you know some of our kids like ‘trading’ foods at lunchtime with friends? Back to that hand washing lesson I guess.
♦ Did you know in every Seinfeld episode there is a reference to Superman?
♦ Did you know there is a theory going around that a spike in head lice amongst boys is linked to footy card season? Better keep checking them then.
♦ Did you know an ostrich’s eye is bigger than its brain?
♦ Did you know ducks can’t walk without bobbing their heads?
♦ Did you know lice can hold their breath and close their shell for over 10 minutes? This means showering alone won’t kill them, only treatments can.
♦ Did you know the children will be let out early from school at 2.30pm at end of term?
♦ Did you know the hummingbird is the only bird that can fly backwards?

Some of these facts you don’t really need or most likely want to know but there may just be a few that you do.

Please check out the following PFA activities:
♦ Level 5 Cocktail Party – June 19
Toorak Cellars 7.30pm $10 per head
