Harmony Day
On Wednesday March 23, all students will participate in Harmony Day. As part of unpacking our enduring understanding ‘I am unique and I belong to different communities’ and in the lead up to Harmony Day we will explore our families and cultural backgrounds.

We encourage the children to bring a photo or an item that we could display. Examples: Photos of family, pets and celebrations, cultural artefacts and costumes. We have not as yet received many of these so, please send along to school as soon as possible.

Drama Toolbox: SEal Program – Social and Emotional Learning
In today’s session, the students explored getting along and making friends. Discuss today’s session with your child.

Assembly
The Preps attended their first whole school assembly on Tuesday. We were proud of how beautifully they listened throughout. If you would like to attend assembly, proceed to the MPC prior to 9:00am.

Earn & Learn
We have received the following resources through the Earn & Learn program: Eco blocks made from reclaimed timber and Giant Octo Play. We thank families for continuing to support the program and encourage you to keep sending in your vouchers so that we can have access to other great resources.

Dismissal
As of today, we will be dismissing the children from outside the building. We would like you to wait for your child outside the Infant Hall. Children will be told that they are to stay in the coned area until they see you. This change is aimed at developing independence. We encourage you to take your child out of the school promptly as the grounds are still in use by other students and teachers.

The children are now playing longer at lunchtime as well having an extra half hour of learning, therefore it is important that you allow your child rest time at home. We appreciate your support.

Fish Tank
Our fish tank needs a little TLC. If you are willing to give the tank a clean, please speak to your child’s teacher. We have some products that you can use.
Head Lice
Unfortunately, head lice is a common occurrence at school. We have had a recent incidence of head lice in Prep and therefore ask that you check your child’s hair thoroughly and treat if needed.

Communication
As we cannot check emails regularly during the day it is important that you contact the office if you need to arrange for your child to be collected by another adult. Email us directly if you need to arrange a time to talk about your child. It is difficult to have a conversation with you at 9:00am when we are organising our students.

Ride to School Day
This Friday March 4, your child is encouraged to ride, scoot or walk to school. If you live quite a distance away from school, parking your vehicle a couple of blocks away and then walking/scooting the remainder of the way, is also a great way to promote being active.
