Homework

As was discussed at our information evening last week, spelling will continue to be taught during class time, with a greater emphasis at home being placed on reading, enjoying and appreciating literature and understanding the meaning, context and letter patterns of words unfamiliar to them.

Gardening

If there are any parents available Tuesday morning from 9-11am to assist during Investigations with a particular interest in gardening, please see Jen Drew in 1/2D (the room outside the garden beds.) In conjunction with our central idea of roles, responsibilities and communities we would like to begin creating a community garden and utilising our time during Investigations to do this. We have gardening equipment, however we would love a parent or two to work with a small group each week to establish and maintain a wonderful garden.
