

ARMADALE PRIMARY SCHOOL – HOME LEARNING POLICY

PURPOSE

The purpose of this policy is to outline to students, parents/carers and school staff Armadale Primary School's expectations for home learning and at-home learning.

SCOPE

This policy applies to students in all year levels and staff responsible for setting home learning.

POLICY

Armadale Primary School acknowledges that home learning should be tailored and adapted to suit the personal and developmental needs of students.

Teachers at Armadale Primary School are encouraged to exercise their discretion in assigning tasks that are appropriate for their students and most likely to be meaningful. This may comprise of reading, family projects; individual research or enrichment assignments.

Prep to Year 4

In the early years, the objective of home learning should be to practise and consolidate the concepts that have been introduced during class time. It is also intended to introduce the concepts of self-discipline and responsibility and prepare them for the upper grades.

Assigned home learning tasks will build on concepts explored in the classroom and encourage students to use their initiative by gathering additional information or materials.

Home learning will mainly consist of daily reading to, with, or by parents/carer or older siblings.

Students are generally not expected to complete more than 30 minutes (including reading) of home learning per day and no home learning tasks will be assigned over the weekends or during the holidays.

Year 5 to Year 6

In the upper year levels, the objective of home learning is to build on the concepts of self-discipline, responsibility and initiative to prepare students for secondary school.

Assigned home learning tasks will include daily independent reading and may include extension assignments, class work and research.

Students are generally not expected to spend more than 45 minutes per day (including reading) on home learning and no home learning tasks will be assigned over the weekends or during the holidays.

Shared expectations and responsibilities

Home Learning is a shared responsibility between the school, teachers, students and their parents/carers. In order to get the most out of home learning tasks, it is important that everyone understands their obligations and responsibilities.

Armadale Primary School will support students by:

- fostering lifelong learning and connecting families with the learning of their children, as part of a comprehensive and balanced curriculum within Victorian schools
- ensuring the school's home learning policy is relevant to the needs of students
- advising parents/carers of home learning expectations at the beginning of the school year and providing them with a copy of the home learning policy
- encouraging parents/carers of early primary school aged children to read to and with their children for enjoyment

Teachers at Armadale Primary School will:

- equip students with the skills to solve problems
- encourage real-life problem solving, logical thinking, creativity and imagination
- set varied, challenging and meaningful tasks related to class work to suit the students' learning needs
- give students enough time to complete home learning, considering home obligations and extracurricular activities
- help students develop organisational and time-management skills
- ensure parents/carers are aware of the school's home learning policy
- develop strategies within the school to support parents and carers becoming active partners in home learning
- offer a wide range of opportunities for families to engage with their children.

It is expected that students will take responsibility for their own learning by:

- being aware of the school's home learning policy
- discussing with their parents/carers home learning expectations
- accepting responsibility for the completion of home learning tasks within set time frames
- following up on feedback and feedforward strategies offered by teachers and peers
- seeking assistance when difficulties arise
- organising their time to manage home, social and well-being obligations.

It is expected that parents/carers will support their children by:

- developing a positive and supportive approach to home learning
- ensuring there is a balance between the time spent on home learning and recreational activities
- reading to them, talking with them and involving them in learning opportunities during everyday household routines and physical activity
- talking to teachers about any concerns they have about the home learning
- attending the school events, productions or displays their child is involved in

- discussing home learning with their child in their first language, if English is not the main language spoken at home, and linking it to previous experiences
- linking home learning and other learning activities to the families' culture, history and language, linking with relevant services, clubs, associations and community
- ensuring there is a quiet study area for students to complete their home learning tasks.

Support for students, parents and carers

Teachers at Armadale Primary School understand that students have different learning styles and interests, and may approach learning activities and home learning differently. If you are concerned that your child may not understand the home learning tasks that have been set for him or her, or is spending a long period of time completing their home learning, we encourage you to speak to their teachers.
